

DGL Consulting Engineers, LLC

Project Name:

Levis Commons Town Square
Levis Commons, Perrysburg, OH

Owner:

Dillin Corporation

Construction Cost:

\$5,000,000

Description:

DGL was contracted by Dillin Corporation to prepare construction plans for the site improvements in the Levis Commons Development in Perrysburg, Ohio. This design incorporated boulevard roadways and on-street parking areas for retail, hotel and residential development. Utility routing for all private and public utilities were also designed for this project. Streetscape components such as bollards, decorative brick, stamped asphalt, and decorative lighting were included. Design of the parking areas for a new hotel, residential and retail buildings are currently under design. A new culvert to connect Michael Owens Way to the Town Square was designed with architectural features to become a landmark in the development.

DGL is performing on-site construction support services for the project.

Highlights:

- Project was designed to accommodate retail traffic in previously constructed areas
- Coordination with architectural and landscape architectural professionals was performed
- Project is recognized as an example of creative site development within NW Ohio
