

DGL Consulting Engineers, LLC

Project Name:

Michael Owens Way
Levis Commons, Perrysburg, OH

Owner:

Dillin Corporation

Construction Cost:

\$1,000,000

Description:

DGL was contracted by Dillin Corporation to prepare construction plans for the ¾ mile entrance boulevard to the new OI World Headquarters in Perrysburg, Ohio. This design incorporated a serpentine horizontal alignment that enhances the users experience when traveling from Roachton Road northerly to the OI site. DGL completed all detail design activities associated with the project, including: roadway design, stormwater management, best management practices, a traffic circulatory study within the development and the re-plating of land to assist with land transfer. All of the roadway infrastructure was designed to City of Perrysburg standards as the boulevard was dedicated a city street upon its completion.

DGL performed on-site construction support services for of the project.

Highlights:

- On-site treatment of stormwater was handled within the center of the boulevard
- Accent traffic circle was provided directly in front of OI World Headquarters building
- Maintenance of traffic and utility service to existing businesses was provided for during construction
